

A Guide to Outstanding Pest Control Performance

Pest control is an important part of every major food-safety audit, accounting for up to 20% of a facility's total score. Orkin Gold Medal Protection customers who responded to a recent survey average better than 95% on their third-party pest control audits by partnering with an experienced commercial pest specialist. Complete this checklist to help prepare your facility for an outstanding pest control score on your next third-party audit.
