

Orkin Actizyme™ Floor and Drain Cleaner

Made for use in commercial establishments, Orkin Actizyme™ Floor and Drain Cleaner is a professional cleaning solution that uses naturally occurring enzymes and beneficial bacteria to break down even the toughest grease and grime.

The Orkin Actizyme™ Difference

Environmentally Friendly. Exceptionally Effective.

Using naturally occurring bacteria and enzymes that safely dissolve greasy buildup in pipes, cracks and crevices, Orkin Actizyme's™ “deep clean” helps eliminate grime and odors – and helps prevent the pests that are attracted to them. Orkin Actizyme™ even works on odors around trashcans, garbage disposals and other areas.

Help Prevent Flies & Falls

Greasy buildup in drains and on floors attracts flies and other pests and creates a slippery surface that can contribute to workplace falls. With Orkin Actizyme™, you can help eliminate the conditions fruit and drain flies need to breed and help create a more sanitary workplace that is safer too.

Use Less. Get More.

Other floor and drain-cleaning products temporarily mask odors and move grime around without eliminating the root cause. Orkin Actizyme™ helps eliminate odor-causing bacteria by dissolving the organic particles they feed on. And, it's reactivated with water, so just a little solution does a lot of work, saving you time and money.

Orkin Actizyme™ Floor and Drain Cleaner

COMMERCIAL SERVICES

The Orkin Actizyme™ System

You can incorporate Orkin Actizyme™ into your existing sanitation program in three easy ways:

1 Mix an ounce of Orkin Actizyme™ with a gallon of water for all-purpose cleaning of floors, drains and the underside of equipment.

2 Apply full-strength Orkin Actizyme™ directly on grimy buildup on the underside of equipment and in drains to help break down even the toughest residue.

3 Make Orkin Actizyme™ even more convenient by installing an automatic wall dispenser that will mix the correct amount of solution for you, as well as auto-dispense directly into drains, pipes or any other location.

“Over the last few years, we have tried multiple cleaning solutions for the floors and pipes in our kitchen to no avail. Not only does the Actizyme Floor & Drain cleaner effectively eliminate grease and grime from our floors and drains, it also smells better than any previous products we have used. I strongly recommend this product for everyday commercial or residential needs.”
